### « Pas d'accord » disent les lycéens qui manifestent

Le nouveau ministre de l'éducation en France propose une réforme d'ampleur sur tous les niveaux. Parmi les réformes : un examen d'entrée à l'université et un examen final différent pour les collégiens et les lycéens. Bref, le gouvernement veut bouleverser les traditions. Alors les lycéens manifestent leur mécontentement dans la rue. Qui aura le dernier mot ?

## Les immigrés en France ne se sentent pas vraiment représentés

Depuis 2002, le nombre de membres du gouvernement français d'origines ethniques diverses augmente globalement. En effet, les équipes ministérielles sont composées de 4% à 20% de personnes issues de minorités ethniques. Pourtant les postes les plus importants dans le gouvernement leur sont rarement proposés. Comment s'étonner alors si les immigrés ne s'impliquent pas davantage dans la vie politique ?
